

Red Lake Falls School District

2022-23 Indoor Air Quality Notice (IAQ)

The Red Lake Falls School District is proud to be taking a leadership role in providing a safe, comfortable and productive environment for our students and staff so that we achieve our core mission- educating students. Our school will follow the EPA guidance to improve our indoor air quality by preventing as many IAQ problems that may arise. Good air quality requires an ongoing commitment by everyone in our school, because each of us daily makes decisions, performs activities that can have an effect on the quality of the air we breathe.

The Red Lake Falls School District works with MacNeil Environment to keep in compliance with the federal and state government rules. There is a copy of the written plan at the school district.

The Red Lake Falls School District Indoor Air Quality (IAQ) contact person is Randy Sauve, Supervisor of Buildings and Grounds.

If you have any questions or concerns about the Districts IAQ program please contact the school at 218-253-2163 ext139.
