

Are you
WELL AWARE?
Water Testing Clinic
for Private Well Households

Wednesday, October 29th, 2025, 4pm-6pm

E & J Grocery

101 Main Street, Oklee, MN 56742

Well Aware will be hosting a well water testing clinic in the E & J Grocery store to give out FREE water testing kits to private well owners. Less than 20% of private well owners test their water as frequently as is recommended by the Minnesota Department of Health. We want to improve awareness and public health with testing and resources for this issue.

Please come for free and confidential water test kits. (Only the laboratory will see your results). To stretch our funds further, we will conduct free, on-the-spot screening for nitrates for those interested. Please bring at least a half cup of water from your tap in a clean plastic or glass container, or in a Ziploc bag.

Please call West Polk SWCD for more information: 218-281-6070

Brought to you by the following partnership:

- University of Minnesota Northwest Regional Sustainable Development Partnership
- White Earth Nation
- West Polk Soil and Water Conservation District (SWCD)
- Minnesota Department of Natural Resources
