**Access to class assignments:**

- All daily assignments will be located in Google Classroom in the following link: <https://classroom.google.com/u/2/h>

**Description of daily assignments:**

- All assignments will be via IXL. Students are to go to my Google Classroom page and click on the link to each daily assignment. The due date states the day to complete each day's assignment.
- For each IXL assignment, a “smart score” (found on each assignment on the right side of the screen) of 80 is the goal to reach. Students motivated to go above and beyond may continue attempting to reach a score of 100.
- Parents unfamiliar with IXL may click the following link for an overview: <https://www.youtube.com/watch?v=2CWj9G-NuOg>
- Attendance is easily accessed on my end once a student logs in and completes an assignment.

**Parent/Teacher/Student Interaction:**

- Parents may email me of any questions at any time.
- Immediate interaction may occur during the school day between 8:00-3:00 by texting or calling my cell phone 218-688-3484. Please don't hesitate to contact me because I would be more than happy to answer any questions!
