Lafayette High School  
218-253-2163

Chris Bjerklie  
Principal  
J.A. Hughes Elementary School  
218-253-2161

## UPDATE: CHANGE TO RED LAKE FALLS SCHOOL DISTRICT ISOLATION POLICIES

With new guidance from the CDC and MDH, the Red Lake Falls School District has made the following changes to isolation policies as related to Covid-19:

### Positive Test Results

- Students and staff who test positive for Covid-19 should report their results to the COVID Coordinator Renae Philipp at 218-253-2163 extension 165.
- Isolation will be required for 5 days from the onset of the first symptom.
- After 5 days isolation students and staff, that have been fever free without medication for 24 hours, will then have the option to return to work/school while wearing a well-fitted mask for 5 days. If masking is not an option the isolation period will then be extended for an additional 5 days.
- We are not requiring families to report household positive cases unless the individual who tests positive attends or works at Red Lake Falls Schools.
- The Red Lake Falls School District does not require a negative Covid-19 test result to return to work/school.
- MSHSL requirements for activities- A participant may return to practice on day 6 if they wear a mask but cannot participate in contests until day 11.

### Close Contacts

The Red Lake Falls School District will no longer be contact tracing including household contacts. We ask that if you are experiencing symptoms of Covid-19 that you stay home and test if possible.

The information provided below is a representation of days as they relate to isolation and return to work/school due to a positive Covid-19 test result.
