

Distance Learning Plan of Action – Mr. Spurgin

Email: mikespurgin@rlfedu.org

1. My website has the schedule for assignments. This is a good place to start. If there are changes in the schedule this will be updated as needed.
 - <https://sites.google.com/a/rlfedu.org/mr-spurgin-s-page/home/assignments-and-links-pages>
2. All notes, links and assignments will be accessed through Google Classroom. Students can post a question on this site also. Desmos will be used for collaborative work and individual work. The link for Desmos work will be put on Google Classroom. Desmos allows for interaction between the teacher and student during the activity. Since all students may not be doing the activity at the same time, I encourage everyone to go back to Desmos to see how their classmates responded to problems and any notes I attach to their work. Also remember to save your work, so you can go back and finish it or compare what you have to others.
3. We will also be using [Zoom](#) to have live classroom/office hours during the week. I will post times on the website calendar. Students can also send me an e-mail at mikespurgin@rlfedu.org
4. Assignments that cannot be done using Desmos or other apps will be turned in via email. Students can use their phones or Chromebooks to take a picture of the work and email it to me.
5. Students are encouraged to be patient. There will no doubt be adjustments that need to be made as we move forward. We will get through this together.

Albert Einstein Quote: “A ship is always safe at the shore, but that is not what it is built for.”
